

Premium Provider of Eco-Friendly Gardening Products

BHUVANESHWARI COIR

NATURE • PURITY • GLOBAL

OUR PRODUCTS

- Premium Coconut
- Cocopeat(pith)
- Cocopeat Blocks
- Coco Husk Chips
- Curled Coir Rope
- Coir Fibre Bale
- Coir Yarn Rope

PREMIUM COCONUT

Our premium-quality coconuts are **carefully selected** from naturally grown coconut trees, **ensuring freshness**, **excellent quality**, and **natural nutritional value**. They are ideal for food processing, coconut oil extraction, and various coconut-based industries. Each coconut is handled hygienically and supplied with a strong commitment to maintaining quality and ensuring customer satisfaction.

COCOPEAT(PITH)

- **Cocopeat is a 100% natural and eco-friendly** growing medium made from coconut husk. It offers excellent water retention and moisture absorption capacity, making it ideal for **agriculture, horticulture, nurseries, greenhouses and hydroponics**. It helps improve soil structure, supports healthy root development and promotes sustainable plant growth.

COCOPEAT BLOCKS

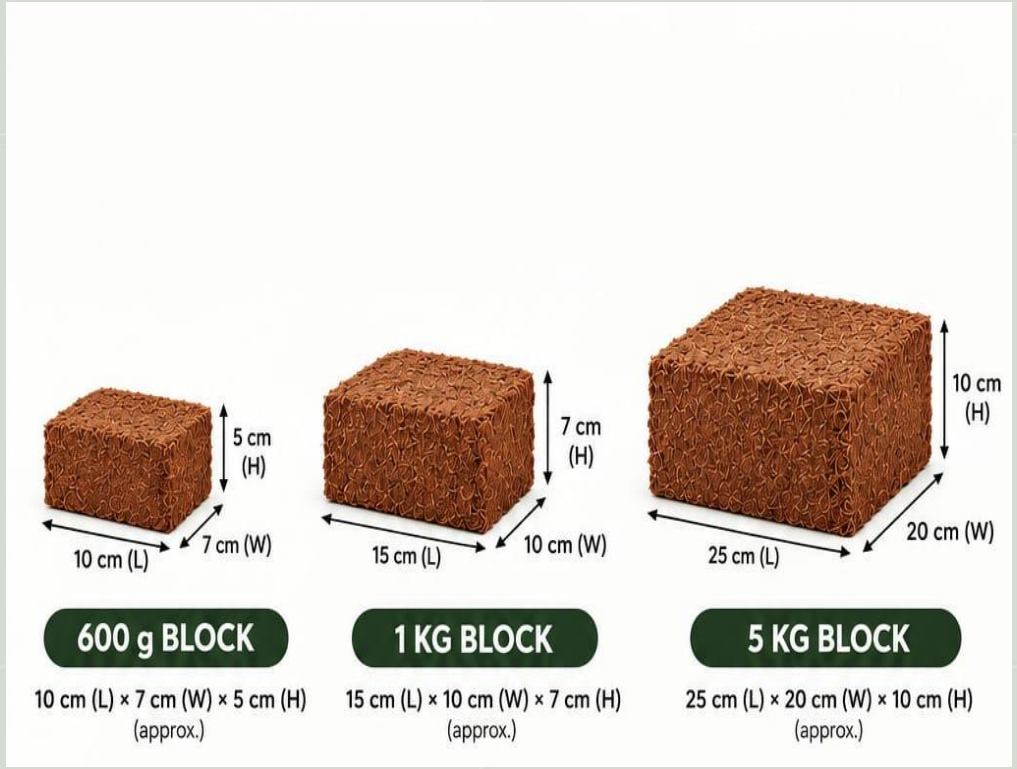

Cocopeat blocks are made from 100% natural coconut husk and compressed into convenient sizes for easy storage and transportation. Available in different weights, including **5 kg, 1 kg and 600 g blocks**, as well as **bulk pallet packaging** for convenient storage, handling and export transportation. They are ideal for agriculture, horticulture, nurseries, greenhouses and hydroponic cultivation.

- **LOW EC:**

  Processing Washed and processed to reduce soluble salts.
  EC Level: Below 0.5 mS/cm.
  Main Applications: Hydroponics, Greenhouses, Nurseries, Sensitive crops.
  Main Advantage: Suitable for salt-sensitive plants.

- **HIGH EC:**

  Processing Unwashed or less-washed, retaining more soluble salts.
  EC Level: Above 0.5 mS/cm.
  Main Applications: Soil conditioning, Landscaping, Selected horticultural uses, Growing media blends.
  Main Advantage: Suitable for applications that can tolerate higher salt levels.

600 g BLOCK

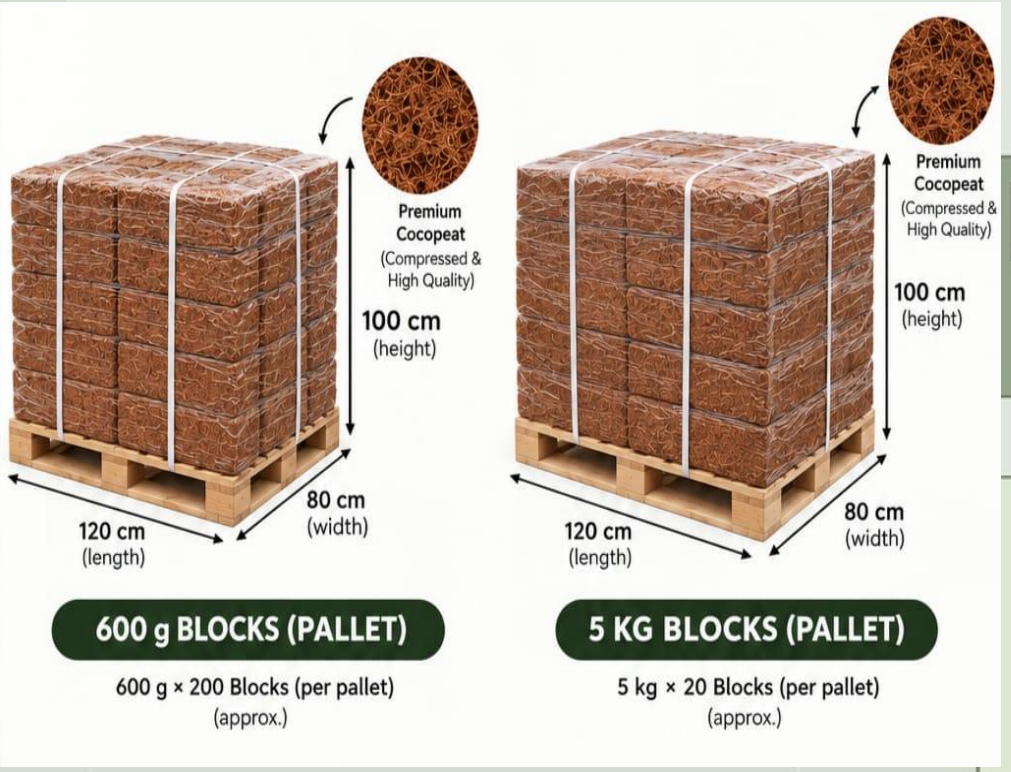

10 cm (L) × 7 cm (W) × 5 cm (H)
(approx.)

1 KG BLOCK

15 cm (L) × 10 cm (W) × 7 cm (H)
(approx.)

5 KG BLOCK

25 cm (L) × 20 cm (W) × 10 cm (H)
(approx.)

600 g BLOCKS (PALLET)

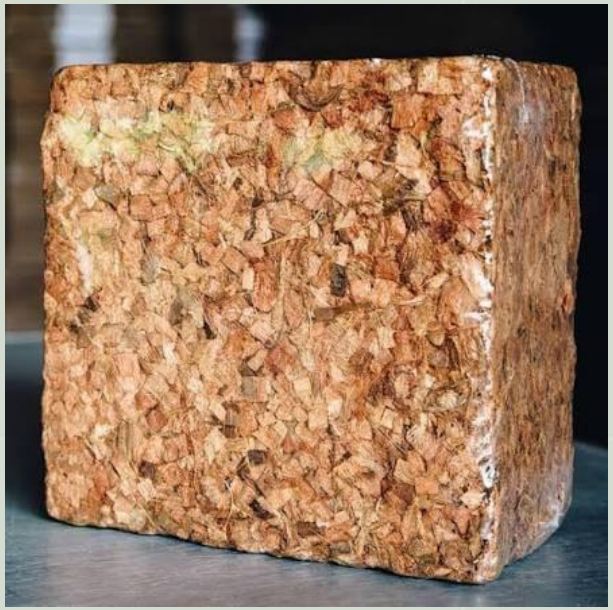

600 g × 200 Blocks (per pallet)
(approx.)

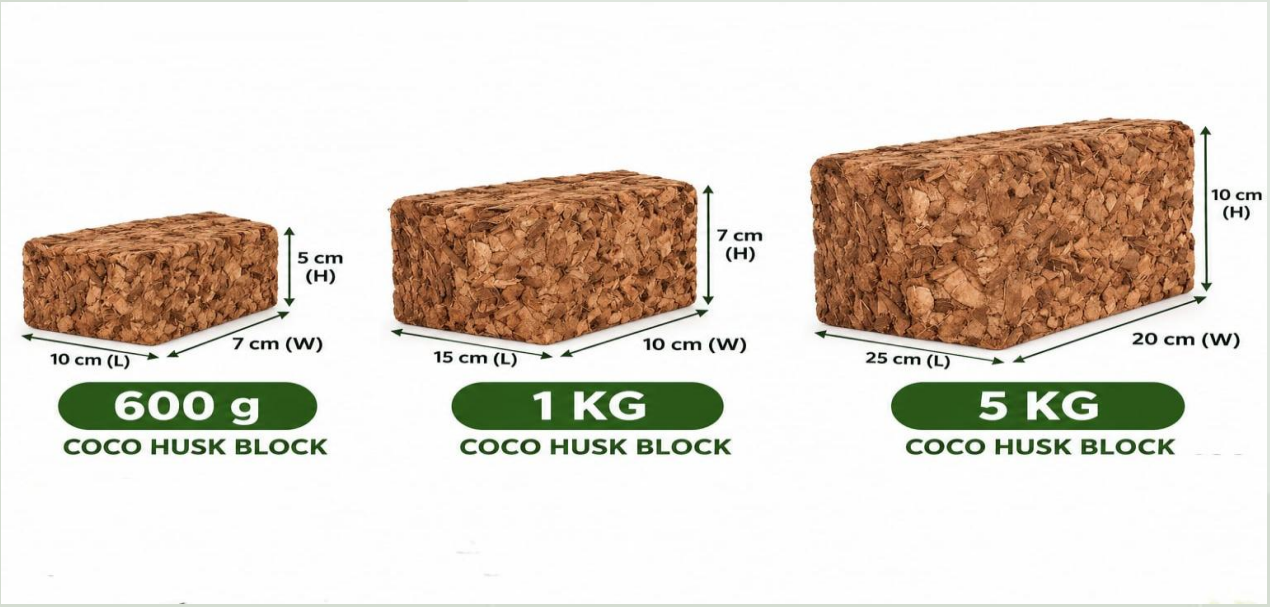

5 KG BLOCKS (PALLET)

5 kg × 20 Blocks (per pallet)
(approx.)

COCO HUSK CHIPS

Coco Husk Chips are made from **100% natural coconut husks**, offering excellent **aeration**, **drainage**, and **moisture** retention. They provide an ideal growing medium for healthy plant development and are suitable for **orchids, nurseries, hydroponics**, and **various horticultural** applications.

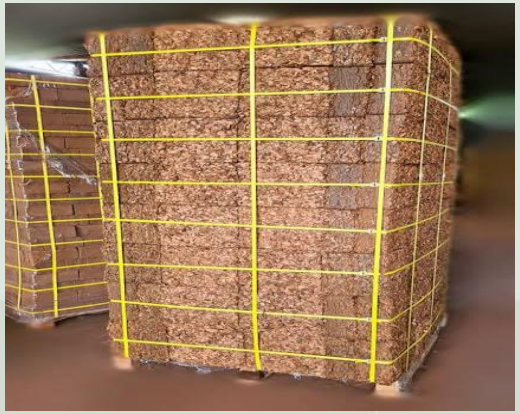

COCO HUSK CHIPS
Retains moisture
& suppresses weeds

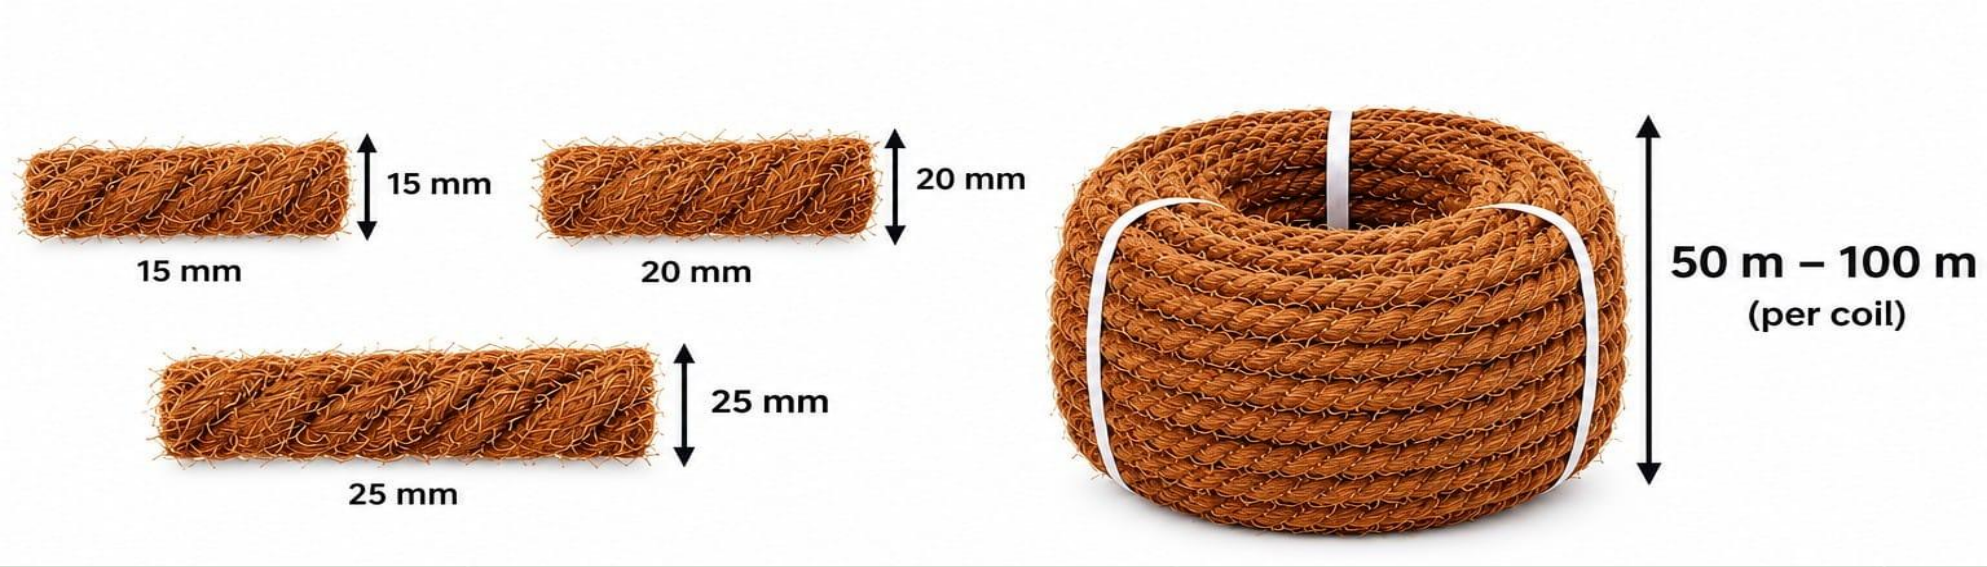

CURLED COIR ROPE

Curled Coir Rope is made from **100% natural coconut husk fibres**, offering excellent strength, flexibility, and durability. Available in different **diameters (10–30 mm)** and customized bundle **weights (5–25 kg).**Maintains controlled moisture content **below 15%** for better quality and long-lasting performance. Eco-friendly and biodegradable, ideal for **gardening, agriculture, horticulture, landscaping**, and industrial applications.
